Hi Embarcadero team –

As some of you know, I was approached by Ethan Silva of Performance Structures at the Embarcadero Community meeting. Ethan founded Performance Srtuctures and has manufactured some of the most iconic sculptures in the US including Anish Kapoor's Cloudgate in Chicago. He is interested in learning more about the project and having the team learn more about what he does in case there is room for a partnership and has offered the team a field trip to the studio in Oakland.

Staci is going to help find a morning or afternoon for this group and we can add others as you all recommend. We are waiting to see how many he can accommodate but below is the preliminary list. Please advise if there are others who should be included. And please try and be flexible in finding a three or four hour block in July mornings or afternoons so that we can offer Ethan a few options.

1. Phil Ginsburg
2. Lisa Bransten
3. Stacy Bradley
4. Eoanna Goodwin
5. Anne Taupier
6. Jacob Bintliff
7. Aaron Fenton
8. Robbie Silver
9. Mary Chou

Really looking forward to this!

Best,
Lisa

Agreed. It is too early to start on Phase II.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

That's great news and yes, let's discuss on Thursday. We really should get them to focus on helping fund phase one because we're not gonna commence phase 2 until phase one is fully funded. But I'd love to get a meeting with them and pitch them on our current plans since I haven't met them yet.

Friends - Paramount Group, which owns One Market, is interested in funding Phase 2 (bocce ball area) in partnership with the whole park project but need more information. Cost estimates? How can this area be incorporated into the project? Is there a sample rendering to show? Any naming/recognition opportunities? Stewardship/programming with us upon completion?

Let's add this to the agenda and discuss. Thanks.
